NOTICE TO BIDDERS

The following projects are funded in whole or in part by funds received from the Federal Highway Administration (FHWA), and their construction is wholly contingent on the state's continued receipt of those federal funds. If the federal funds are reduced or not received, the Department may choose to terminate any or all of the contracts for convenience under the provisions of Subsection 108.10. Any bidder on these projects, by submitting its bid or bids, understands and accepts the possibility of the contracts being terminated in the event federal funds are reduced or not available and by submitting any bid, each bidder waives any claims for costs or damages other than as specifically allowed by Subsection 108.10.2. In particular, bidders understand and accept that no payment will be allowed for any claimed anticipated profit for work not performed.

MDT will not discriminate on the basis of race, color, national origin or sex in the award, performance or administration of any MDT contract or in the administration of its DBE program (49 CFR Part 26). MDT attempts to provide reasonable accommodations for any known disability that may interfere with a person participating in any service, program or activity of the department. Alternate accessible formats of this document will be provided upon request. If reasonable accommodation is needed to participate in MDT bid lettings, call the Civil Rights Bureau at 406-444-6331 or TTY 406-444-7696 [TTY 1-800-335-7592 (toll free)].

NOTICE TO BIDDERS

The following projects are funded in whole or in part by funds received from the Federal Highway Administration (FHWA), and their construction is wholly contingent on the state's continued receipt of those federal funds. If the federal funds are reduced or not received, the Department may choose to terminate any or all of the contracts for convenience under the provisions of Subsection 108.10. Any bidder on these projects, by submitting its bid or bids, understands and accepts the possibility of the contracts being terminated in the event federal funds are reduced or not available and by submitting any bid, each bidder waives any claims for costs or damages other than as specifically allowed by Subsection 108.10.2. In particular, bidders understand and accept that no payment will be allowed for any claimed anticipated profit for work not performed.
