

2015 MDT Aeronautics Winter Survival Clinic

MDT Aeronautics Division invites you to attend the 2015 MDT Montana Aeronautics Winter Survival Clinic. This year the clinic will be at the Duvall Inn in Lewistown Montana.

January 9 - 11, 2015.

Meals and lodging will be provided throughout the clinic. Participants will sleep inside the Duvall Inn the first night with instructional talks on emergency landings and emergency medical procedures. Spend Saturday learning techniques on winter survival, and put the training to work by spending the second night in your own survival shelter.

The clinic is geared toward all aviation pilots in the event that an emergency landing takes place and you need to survive until help arrives; however, these skills can be used by anyone that finds themselves in a survival situation. Also included is emergency medical training.

Rod Alne of Peak Inc. will be providing the survival training for the clinic. He is the owner and creator of the company, which is located in Butte, MT. The company provides training for our Military Special Forces and we are glad to have Rod and the Peak on board for our winter survival training.

*Come join us at the 2015 Winter Survival Clinic to build confidence in survival techniques in the great outdoors of Montana! But be sure to **sign up early!** We have a limit of twenty pilots and they fill up fast! Registration forms and payment must be submitted no later than **December 26, 2014.** We hope to see you there!*
