

Employee Profile

(Employee's Name) Adam Kraft

(Working Title) Planner
(Division) Rail, Transit & Planning
(Bureau) Multimodal Programs
(Section) Transit

Background (a little about yourself, i.e.: interests, education, affiliations, birth place):

Born - Mount Kisco, NY

Interests – Outdoors, Conservation, Softball, Snowboarding, Politics

Education – (1) Expected Fall '10 MA Transportation Policy, Operations and Logistics - George Mason University (2) Graduate Certificate GIS - North Carolina State University (3) BS Geography / GIS - Appalachian State University

Time at MDT: 2 years, 7 months

Why (do you work at) MDT...Better the greater good of mankind.
Place of powerful decision making.

Job duties ...Transit related R&D and procurement, oversee transit related aspects pertaining to the MT southern region and limited transit mapping.

A typical day...Field emails and phone calls until 11:00 am, small intergovernmental projects, bus procurement related tasks, eat lunch, industry research, policy evaluation and improvement and problem solving for regional transit.

Qualities needed for the job ...People and research skills, passion for community transit and possibly sustainable transportation systems, patience and "on your feet" problems solving skills, confidence and

respect for government policy and some mechanical engineering knowledge.

Favorite thing(s) about working at MDT...Purpose of work and people. R&D for high fuel efficient buses and geospatial routing.
