

Montana Department  
of Transportation

**ENGINEERING DIVISION**  
**Management Memo**

**Memo Number:** 10-01

**Date issued:** August 17, 2010

**Date effective:** August 17, 2010

**Date revised:**

**Subject: PUBLIC RIGHTS-OF-WAY ACCESSIBILITY GUIDELINES (PROWAG)**

**To:** All offices

**From:** Dwane Kailey, Chief Operations Officer

**POLICY**

The intent of this policy is to adopt the PROWAG as the MDT official guidelines for accessibility for the design transportation projects.

**PROCEDURES**

Department personnel will use the PROWAG as the official accessibility manual when designing transportation projects. The PROWAG will be used in place of the ADA Accessibility Guidelines (ADAAG). The level of usage will be established by the appropriate guidelines such as the Guidelines for Nomination and Development of Pavement Projects.

Projects requiring development through the Department of Administration (DOA) will be developed using the procedures and guidelines established by DOA Architecture and Engineering.

This policy adopts the existing draft PROWAG and will adopt the final version as soon as it is complete.

**PROWAG Link**

A link to the PROWAG document is attached below.
