- No questions
- Janet Kenny provided an overview of TRCC project funding

4. Action items

5. Traffic Records Project Updates

- DPHHS
 - DPHHS-Driller
 - Alyssa Johnson
 - A bit of system trouble lately. Driller and Trauma Registry not passing info back and forth effectively
 - When running, the user community is pleased with the access to data and reporting
 - EMS – Data Completeness
 - Reports Training
 - Shari Graham
 - Contractor is busy with making contact with the user community.

- Working on a flexgrant program
- Scheduling statewide travel/training for upcoming year
- Working on developing online training
- EMS - NEMSIS Upgrade
 - Terry Mullins/Shari Graham
 - Contract still in negotiation, hope to have things done by/in January 2023
 - Vendor work to begin in January, with “go live” date still set for January 30, 2023
- Courts
 - JCRS-2 (contract end 9/30/22)
 - Janet Kenny
 - This project’s funding is complete
- DOJ
 - DOJ-MVD Veh-Driver-database-Cleanup
 - Felisha Koch
 - MVD has posted all the new hire positions
 - DOJ-MHP Crash Records Improvement
 - Kurt Sager
 - Working on fixes to how data is received from LEAs and how that data is transferred to database
 - If crash reporting collection stays with MHP in Boulder, MHP will need to expand the number of data related employees
 - One data reception issue is the inconsistent transfer of crash reports to MHP from the LEAs
 - If WBCR goes away in February, paper crash reporting will increase
 - MHP working with MDT to establish a permanent fix to statewide crash reporting and collection
 - Janet Kenny
 - Engineering and FARS are getting fatal crash reports as they get to MHP

6. New Business

- Terry Mullins
 1. DPHHS would like to extend the enddate of the contractor contract due to delay in the start of the project (9/30/23) is current end date, expand beyond that?
- Patricia Burke
 1. MDT looking into taking on the responsibility of receiving and integrating crash reports into the state’s crash database. This could happen in the next year. Predicting that MDT will be submitting funding application(s) to TRCC. FHWA has been a consulted to ensure MDT’s crash data efforts are in line with guidelines.
 2. MDT’s new crash analysis and database is hosted by NewMetrics

7. Around the table

- Terry Mullins
 1. Epidemiologists are working with Tableau. Expecting interesting developments with greater data handling capacities, as well as, better data access options for the user community.
- Felisha Koch
 1. Real ID deadline moved into 2025
- Chan Barry
 1. MHP 2021 annual report will be online soon
- Janet Kenny
 1. MDT SHTSS will be submitting annual report soon
 2. SHTSS is actively looking to focus social media safety activities to Males Age 18-45
- Meeting ended at 9:37

- Next Meeting – February 1, 2023

Upcoming meetings 2023

- April 26, 2023
- July 19, 2023
- October 11, 2023
