

VISION ZERO
zero deaths · zero serious injuries
MONTANA DEPARTMENT
OF TRANSPORTATION

July 27, 2020

FOR IMMEDIATE RELEASE

Lisa Olmsted, Public Involvement Manager, (406) 294-9668,
billingsbypass@dowl.com

Old Highway 312/Five Mile Road Paving Complete

The Montana Department of Transportation (MDT) would like to provide the public with a status update on the construction taking place on Old Highway 312 and Five Mile Road. Paving of both the new single-lane roundabout on Old Highway 312 and Five Mile Road is now complete. Work will now entail installing new signs, rumble strips on Five Mile Road and interim striping. In the next weeks, concrete finish-work and landscaping will occur, followed by chip sealing at the end of August. Drivers are advised to travel safely and be prepared for flaggers, workers, heavy truck traffic, and equipment entering.

Work zone safety reminder: Remember to manage the Three S's of work zone safety: speed, space, and stress. Slow down when approaching all work zones. Follow posted speed limits, especially within construction zones, and try to maintain a consistent speed with the traffic flow. Lastly, don't resume normal speed until you see roadway signs indicating it's safe to do so.

The Montana Department of Transportation together with its construction contracting partners continue to take the COVID-19 pandemic very seriously. Construction projects on Montana's roads and bridges are considered an "essential" operation and will continue moving forward as scheduled in 2020. Construction workers will continue several measures to help keep employees, contractors and the public safe during the construction season. Some of the measures include following social distancing and good hygiene guidelines, and not reporting to work if showing symptoms of illness. For more information visit <https://covid19.mt.gov/>
