

VISION ZERO
zero deaths · zero serious injuries
MONTANA DEPARTMENT
OF TRANSPORTATION

September 9, 2020

FOR IMMEDIATE RELEASE

Lisa Olmsted, Public Involvement Manager, (406) 294-9668,
billingsbypass@dowl.com

Five Mile Road Open to the Public

The Montana Department of Transportation (MDT) is happy to announce that Five Mile Road is now open to the public! Drivers are advised to travel safely and be aware of the new roundabout at the intersection of Five Mile Road and Old Highway 312 and new stop signs on Dover Road at the intersection of Five Mile Road. Finishing work taking place will include epoxy striping in mid-September and final seeding and erosion control blankets in mid-October. Please continue to be on the look-out for workers and temporary traffic control while these tasks are completed.

Work zone safety reminder: Remember to manage the Three S's of work zone safety: speed, space, and stress. Slow down when approaching all work zones. Follow posted speed limits, especially within construction zones, and try to maintain a consistent speed with the traffic flow. Lastly, don't resume normal speed until you see roadway signs indicating it's safe to do so.

The Montana Department of Transportation together with its construction contracting partners continue to take the COVID-19 pandemic very seriously. Construction projects on Montana's roads and bridges are considered an "essential" operation and will continue moving forward as scheduled in 2020. Construction workers will continue several measures to help keep employees, contractors and the public safe during the construction season. Some of the measures include following social distancing and good hygiene guidelines, and not reporting to work if showing symptoms of illness. For more information visit <https://covid19.mt.gov/>

For more information on the Billings Bypass project and the specific project segments, please visit: <https://www.mdt.mt.gov/pubinvolve/billingsbypass/>.
