

222 N. 32nd St. #700
Billings, MT 59101

Virtual Public Meeting - July 2 | 11:00 a.m. or 5:30 p.m.

The Montana Department of Transportation (MDT) is conducting virtual public meetings to discuss the Billings Bypass project.

MDT and design team representatives will be providing a general project overview and timeline with additional detail on the ongoing Railroad Overpass and Johnson Lane Interchange project segment designs. A question and answer session will be offered following the project information. New right-of-way acquisitions are anticipated on the project. Project team members will be in contact with affected property owners to offer additional information.

MDT is using virtual meetings rather than in-person meetings due to concerns about community health and safety during COVID-19. MDT together with its construction contracting partners are taking the COVID-19 pandemic very seriously. Construction projects on Montana's roads and bridges are considered an "essential" operation and will move forward as scheduled in 2020. For more information visit <https://covid19.mt.gov/>.

The Department of Transportation will make reasonable accommodations for persons with disabilities who wish to participate in this virtual public meeting or need an alternative accessible format of this notice. If you require an accommodation, contact the Department of Transportation no later than June 30, to advise us of the nature of the accommodation that you need. Please contact Matt Maze, Office of Civil Rights, P.O. Box 201001, Helena, Montana 59620; telephone (406) 444-5416; Montana Relay 711; facsimile (406) 444-7243; or e-mail to mmaze@mt.gov.

This document is printed at state expense. Information on the cost of producing this publication may be obtained by contacting the Department of Administration.

Make sure your voice is heard:
