

MEMORANDUM

TO: MDT
FROM: PBS&J
DATE: September 19, 2008
SUBJECT: Summary of Public Open House Meeting #2 for the Butte Interstate Traffic Study – Phase 2 (CN 5098)

The second open house for the Butte Interstate Traffic Study was held on September 17, 2008 at the Butte Civic Center lobby. The meeting was advertised in the Montana Standard newspaper and MDT released a news release announcing the meeting. Project exhibits (welcome, project overview/goals, schedule, study area, and interchange improvement option graphics) were available for review and project team members were on hand to answer questions. PBS&J delivered a brief presentation detailing the goals of the project and the improvement options developed as part of Phase 2. Following the presentation a brief question and answer session was held.

11 people attended and signed in at the public open house meeting. One comment sheet was received at the meeting. In general the meeting attendees were supportive of all of the options. The most discussed interchange was Harrison Avenue, and most comments supported any improvement to this interchange. Additionally, the only comment sheet received mentioned that it needed to be improved.
