

Red Lodge - 8th to Robinson

Project Description

The project will beautify and improve the City of Red Lodge. It has four components:

- Construct a roundabout at the intersection of Broadway and state route 78
- Grade and resurface Broadway from 8th to Robinson
- Provide mill and overlay, guard rail and ADA improvements South of Red Lodge
- Grade and resurface Brewery Hill on state route 78/3rd Street from Hauser Avenue just short of Lazy M Street

Beartooth Lane

Goran has completed Beartooth Lane.

3rd Street - Robinson

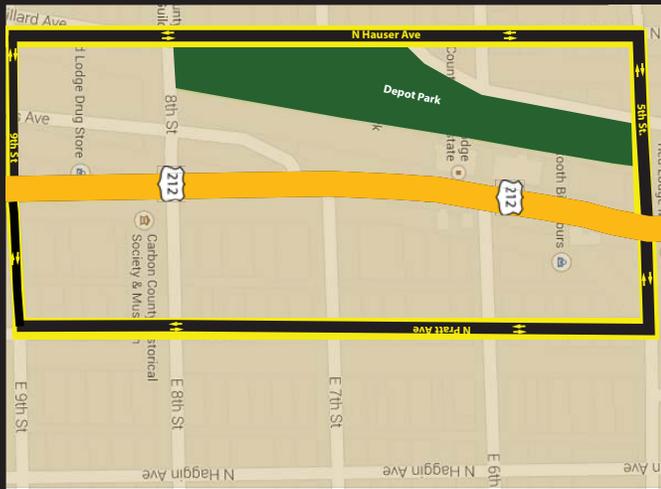

Completed except for Striping

5th Street - 2nd Street Including the Roundabout Detour Spring 2015

- Access will be maintained to all residences
- Vehicular and pedestrian access to local businesses will be maintained at all times
- Business access signage will be provided

8th Street - 5th Street Detour Spring 2015

- Detour route will be paved prior to diverting traffic from Broadway
- Access will be maintained to all residences
- Vehicular and pedestrian access to local businesses will be maintained at all times
- Business access signage will be provided

Red Lodge South Currently Under Construction

- Paving and Striping is complete.
- Traffic is flowing in both directions
- ADA ramp work is nearing completion for the season
- Intermittent, partial intersection and lane closures may be present during construction

Brewery Hill

- Brewery Hill is completed except for stripping.

All dates are weather dependant and subject to change.
