

MIPS USER AGREEMENT AND CONSENT FORM

The following user agreement and consent form is intended for use by all users of the Montana Internet Prosecution Service (MIPS). The MIPS is a system devised to further the goals of criminal prosecution in Montana. This user agreement and consent form controls any and all access to the MIPS.

I agree and consent to the following:

1. I will use the MIPS for the purpose of furthering the goals of criminal prosecution in Montana only. I will not use the information gained through MIPS for purposes contrary to the goals of criminal prosecution anywhere.
2. I will not allow use of my computer credentials for access to MIPS by any other person.
3. I will not access MIPS after I terminate my work for the prosecution entity listed below. I will notify the DOJ System Administrator, Content Administrators, and Administrative Assistant of my last date of employment with the prosecution entity listed below.
4. I will not access MIPS with a person's or entity's credentials other than my own. I will not represent by electronic means that I am someone other than me. I will not represent by electronic means that I am an agent of an entity without proper authorization by the entity. (This does not preclude the System Administrator, while performing official business, from using my credentials.)
5. I recognize that all laws, policies, and agreements applicable to my computer use as an employee of the entity listed below apply to my use of MIPS. I also recognize that all laws, policies, and agreements related use of the State of Montana SummitNet system apply, including but not limited to the attached policies.
6. I will report immediately any knowledge I have regarding violation of this policy by me or any other person.

DATED _____

Printed name of user

Signature of user

Prosecution entity or entities (EX: Lewis & Clark
County Attorney's Office)

Do you have a user name and password to access the State of Montana network (SummitNet)? (Yes) (No)

If "Yes," provide your user name: _____

(No password necessary.)
