

Left-turn crashes are often the most severe crashes at intersections.

GET TO KNOW THE FLASHING YELLOW

Flashing yellow arrow signals keep traffic flowing smoothly and lead to fewer crashes.

When you see a flashing yellow arrow and you want to make a left turn, simply:

- ◀ **Slow down** and enter the intersection with caution.
- ◀ **Yield to oncoming traffic and pedestrians.**
- ◀ **Turn left when it's safe.**

VISION ZERO
zero deaths • zero serious injuries
